

# Health Sciences *study abroad*

In an increasingly globalized world, people move freely over boundaries... and so do diseases. CEA CAPA's courses in health sciences allow you to explore contemporary issues and cross-cultural definitions of health. Be part of the global solution and learn how to improve the health and well-being of everyone everywhere and work toward worldwide health equity.

## SEMESTER & SUMMER PROGRAMS with CEA CAPA

### Health Sciences & Society in Seville, Spain

Designed for a wide range of areas related to sport, health, and wellness, you'll explore the juncture at which health and society merge and will have the opportunity to study Spanish for Health Science.

#### SAMPLE COURSES

- ◆ Cross-Cultural Perspectives on Disease, Wellness & Healthcare
- ◆ The Mediterranean Diet: From Fiction to Facts
- ◆ Spanish for Health Professions
- ◆ Anatomy and Physiology II
- ◆ Organic Chemistry II

### Global Health in London, England

Learn how historical and social change has influenced the development of nursing functions and examine how ethics, sociology, religion, law, economics, and philosophy have affected clinical practice and the impact these have had on the role of nurses and midwives.

#### SAMPLE COURSES

- ◆ Comparative Healthcare Systems
- ◆ Global Perspectives on Nursing and Midwifery History

### Medical Spanish & Health Sciences in San José, Costa Rica

This program offers health science courses taught in English that provide insight into Costa Rica's health care system and offer active learning components that reinforce lessons learned in class.

## TAKE YOUR EDUCATION TO THE NEXT LEVEL

CEA CAPA also offers Study + Internship abroad programs that give you real-world experience to stand out in today's job market.

#### INTERNSHIP EXAMPLE: CLINICAL MEDICINE INTERNSHIP IN SEVILLE

Shadow doctor and patient interactions throughout the clinic to gain a better understanding of best practices for patient care in the Spanish healthcare system. Assist nurses with preparing vials for COVID tests, scan COVID testing documents, and research various medical topics to gain better understanding of the medical field.

#### INTERNSHIP EXAMPLE: PHYSICAL EDUCATION INTERNSHIP IN BARCELONA

Work with a private organization that has developed a cognitive training program for professional soccer players. The intern will assist in developing curriculum, provide technical assistance in the evaluation and benchmarks of players, and support video creation of the curriculum.
