A tax filer may also obtain a tax return transcript by electronically submitting a transcript request using the IRS Get Transcript by Mail option at www.irs.gov, by submitting a paper Form 4506-T-EZ or 4506-T or by calling 1-800-908-9946. These request methods will result in the IRS mailing a paper transcript to the address on file with the IRS. Unless the tax filer has formally changed their address with the IRS through the IRS change of address processes, the address on file with the IRS is the one used on the individual's last filed tax return.
