

**Center for Global
Engagement**
at ANDERSON UNIVERSITY

ADMISSION GUIDE FOR **INTERNATIONAL STUDENTS**

Located in the vibrant city of Anderson, in the rapidly growing region of Upstate South Carolina, Anderson University is a selective, comprehensive Christian liberal arts university offering bachelor's, master's and doctoral degrees on campus, online and at the University Center in Greenville.

Anderson University is among the fastest growing private universities in the country, according to the U.S. Department of Education and the *Chronicle of Higher Education Almanac*. Increased enrollment only tells part of the story, however; the reason for it is Anderson's reputation as a premier institution of higher learning and status among the best regional universities in the South as recognized by both *U.S. News*

& *World Report* and *The Princeton Review*. Further, *U.S. News & World Report* for 2021 named Anderson as the "#32 Best Value" schools among regional universities in the south, and the *Wall Street Journal* named Anderson #26 for best student engagement among all universities in the United States.

Innovation is a hallmark of the Anderson University experience. Among regional universities in the south, *U.S. News & World Report* ranks Anderson as the No. 19 "Most Innovative" school. Moreover, *U.S. News & World Report* in its latest ranking of the "Best Online Programs" in the country listed Anderson University's online bachelors programs as the best among private institutions in South Carolina, along with

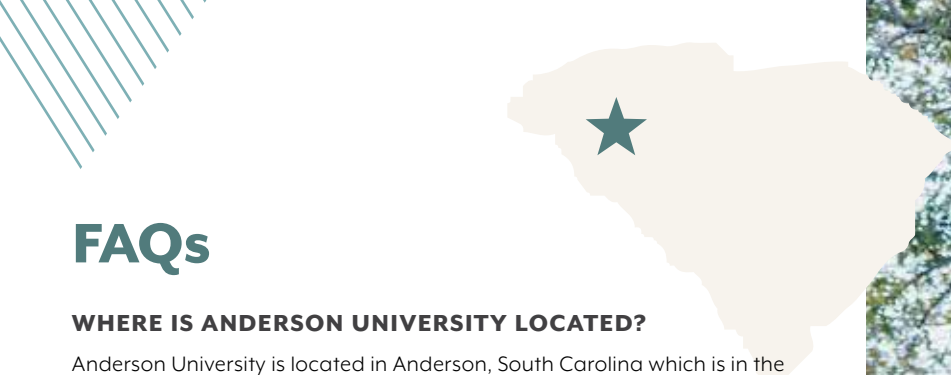

awarding top honors for AU's online graduate programs in business, business administration, education, and nursing.

Further, Anderson University is a three-time Apple Distinguished School; to date, fewer than 43 colleges or universities in the United States are recognized as an Apple Distinguished School.

At the heart of the University's educational program is an uncompromising commitment to the liberal arts as a means of preparing students with both a breadth and depth of knowledge they need not only to be successful in the career of their choice, but to be adaptable to multiple careers, and ultimately be successful in all realms of life.

Ann-Margaret J. Themistocleous

Director, Center for Global Engagement

FAQs

WHERE IS ANDERSON UNIVERSITY LOCATED?

Anderson University is located in Anderson, South Carolina which is in the southeast U.S. Living and attending school in Anderson offers international students an exciting example of American culture. Anderson offers a welcoming and caring environment for international students which include small class sizes and dedicated faculty and staff. (The University Center of Greenville campus houses our multiple graduate programs and is in Greenville, SC).

WHAT SERVICES ARE PROVIDED TO INTERNATIONAL STUDENTS?

The Center for Global Engagement assists undergraduate international students on campus. Together with faculty and staff, we create a strong support system to help international students reach their professional and academic goals. The center of student activities and residence life sponsors extra-curricular activities and events that help students develop life skills outside of the classroom. The Center for Global Engagement helps with advising regarding all aspects of adjustment to the campus and to American culture. In addition, we offer immigration assistance and are, more importantly, a “home away from home” for our international students. There is an International Student Organization as well as International Graduate Organization that sponsors events geared towards the needs of the international community.

WHAT ARE THE HOUSING ACCOMMODATIONS LIKE?

Anderson University considers residence halls an extension of the learning environment, and offer students ample space and comfortable accommodations. Housing normally consists of shared units which includes a shared living area, kitchen and bathroom. Laundry facilities, wireless Internet, and phone access are available. At Anderson University, dormitories are either all male or all female. Many international parents prefer this type of living situation since it offers a protective and comfortable living space for their child. In addition, there are 16 housing options on campus, and multiple organizations for students to join in order to take part in the larger campus community. (Graduate students are required to live in off campus housing.)

***The Professional MS in Business Analytics degrees is a STEM eligible program.*

INTERNSHIP PROGRAM

Students in these graduate programs have the opportunity to work legally off campus in the United States in a paid or unpaid, part-time internship, allowing students to build their resumes and make professional business connections. Students interested in approved internships (CPTs) should speak to their academic advisor and will need to register for the approved internship and obtain secondary approval from the CGE. Students on a research or graduate assistantship cannot also intern on CPT. Students need to be in legal FI status for at least a year and register for an internship class.

MS in Professional Business Analytics Students: This program is approved for immediate CPT (experiential learning) during the semester.
