PALMETTO FELLOWS and LIFE SCHOLARSHIP ENHANCEMENT for STEM MAJORS

The base Palmetto Fellows Scholarship provides \$7,500 per year for years two through four, and the base LIFE Scholarship provides \$5,000 per year. With the Scholarship Enhancement, students majoring in an eligible math or science program may receive up to an additional \$2,500 starting with their second/sophomore year of college enrollment. You need to plan NOW to become eligible.

➤ To remain eligible for the Palmetto Fellows Scholarship for **2023-2024** you must earn at least 30 hours during the **2022-2023** academic year and achieve a minimum 3.0 cumulative GPA.

➤ To remain eligible for the LIFE Scholarship for **2023-2024** you must have earned at least 30 hours prior to your sophomore year, 60 hours prior to your junior year, or 90 hours prior to your senior year respectively, and maintain a minimum 3.0 cumulative, collegiate GPA (LIFE GPA). Credit hours earned before high school graduation, hours exempted, CLEP, IB, and AP can be used to meet the credit hour requirement.

➤ If you declare a major in **Biochemistry, Biology, Coding, Cybersecurity, Cybersecurity & Mathematics, Cybersecurity & Analytics, Environmental Science, Kinesiology, Mathematics, Mathematics/Secondary Education, Mathematics/Actuarial, Mathematics & Engineering, Neuroscience, or Nursing** during your freshman year and prior to fall **2023**, in order to receive the Enhancement your first 30 hours **must include 14 hours** in mathematics, life or physical science, or a combination of both. At Anderson University, these courses include prefixes of AST, BIO, CDG, CHE, CIS, COM 215, CYB (except CYB 101), EG, KIN, MAT, NUR, PHY, and SCI in the majors approved for the Enhancement.

For additional information about the Enhancement for Math and Science majors, go online to www.che.sc.gov

Please see your academic advisor now to prepare.
